SETON HEALTH PLAN CHIP SERVICES

This Provider Directory lists all Seton Health Plan CHIP doctors. It also lists clinics and hospitals. These providers are "in-network." Seton Health Plan CHIP may not pay for your health care if you take your children to a provider not in this book.

It is very important that you pick a primary care provider for your children. A primary care provider can be a doctor. A clinic can also be a primary care provider. This provider will give you most of your health care. If your child needs special care, he will refer you to the special doctor. You can pick a different doctor for each child. You can pick the same doctor for all your children. You should pick a doctor whose office is close to you. Member services can help you pick a doctor. You can call 1-877-451-5601.

You can take your daughter to an OB/GYN without a referral. Your daughter can use the OB/GYN for her yearly checkup. She can also use the OB/GYN for pregnancy or other female medical care. This book lists Seton Health Plan CHIP OB/GYNs. Member services can help you pick an OB/GYN. You can call 1-877-451-5601.

You can take your child to a behavioral health provider if your child has a mental health problem. The provider can also help if your child has problems with alcohol or drugs. You do not need a referral for this. You can call Tejas Behavioral Health Services at 1-800-852-7691. They can help you pick a provider.

SERVICIOS DEL SEGURO MEDICO SETON CHIP

Este Directorio de Proveedores lista todos los doctores de CHIP del Seguro Medico Seton. El Directorio también lista las clínicas y los hospitales. No lleve a su niño a un doctor que no este listado en este libro. El Seguro Medico Seton CHIP pudiera no pagar su cuenta si decide llevarlo.

Es muy importante que escoja a un proveedor de cuidado primario para sus niños. Un proveedor de cuidado primario pudiera ser un doctor o una clínica. El proveedor de cuidado primario le dará la mayor parte de su cuidado medico. Si su niño necesita cuidado especial, el proveedor de cuidado primario le referirá a un especialista. Usted puede escoger a un proveedor de cuidado primario diferente para cada niño o puede escoger al mismo doctor para todos sus niños. Usted debería escoger a un doctor cuya oficina este cerca de usted. El Departamento de Servicios para Miembros le puede ayudar a escoger a un doctor. Llámeles al 1-877-451-5601.

Usted puede llevar a su hija con un gineco-obstreta dentro de nuestra red. No necesita una recomendación médica para poder llevarla. Su hija puede usar al gineco-obstreta para su examen anual. Ella también puede usar al mismo doctor durante el embarazo o para otros tipos de cuidado femenino. Este libro contiene los nombres de los gineco-obstretas del Seguro Medico Seton CHIP. El Departamento de Servicios para Miembros le puede ayudar a escoger a un gineco-obstreta. Llámeles al 1-877-451-5601.

Si su hijo tiene problemas de salud mental, usted lo puede llevar con un proveedor de salud mental dentro de nuestra red. El proveedor también le puede ayudar si su hijo tiene problemas con el alcohol o las drogas. No necesita ser referido por un doctor para recibir estos servicios. Llame a los Servicios de Salud Mental de Tejas al 1-800-852-7691. Ellos le pueden ayudar a escoger un proveedor.

For all other providers please contact Seton CHIP Member Services at 1-877-451-5601.

PHARMACY PROGRAM

How do I get My Prescription Filled?

Seton Health Plan CHIP does not provide your prescription drugs. These drugs are covered by CHIP Prescription Drug Benefit (PDB).

You can take your child's prescription to any pharmacy taking part in the CHIP PDB. Try to always use the same pharmacy to get more personal service. Take your child's Seton Health Plan ID card with you when you go to the pharmacy. The pharmacy can make sure your child is a CHIP member. The pharmacy may ask for the ID card.

You may have to pay a copayment for the prescription. A prescription for a generic drug may cost you nothing or cost very little. The copayment for a brand name drug will be higher. If your doctor prescribes a drug for a whole month, you will make one copayment for a 34-day supply. In most cases, you cannot get more than a 34-day supply. The CHIP PDB does not offer drugs by mail order.

The CHIP PDB does not cover:

- Over the counter drugs
- Birth control medications prescribed only for birth control purposes
- Nutritional products
- Medical Supplies or equipment, except for insulin syringes
- Drugs that must be given in a physician's office or health facility

If you need help finding a pharmacy you can call the CHIP Pharmacy Hotline. Their number is 1-866-274-9154. You can also check the CHIP website at www.chipmedicaid.org and click on the "Find a Pharmacy Link. If you are having problems getting your prescription filled, please ask the pharmacy to call the Medicaid Helpdesk at 1-800-435-4165.

Para todos los demás tipos de proveedores por favor llame al Departamento de Servicios para Miembros de Seton CHIP al 1-877-451-5601.

PROGRAMA DE FARMACIA

Como surtir las recetas

El Seguro Medico Seton no ofrece medicamentos recetados. El Beneficio de Medicamentos Recetados (o PDB, por sus siglas en ingles) de CHIP cubre estos medicamentos.

Puede llevar la receta de su hijo a cualquier farmacia que participe en el PDB de CHIP. Para recibir un servicio mas personalizado, trate de siempre ir a la misma farmacia. Cuando vaya a la farmacia, lleve la tarjeta de identificación del Seguro Medico Seton de su hijo. La farmacia puede verificar que su hijo este inscrito en CHIP. Es posible que la farmacia pida la tarjeta de identificación.

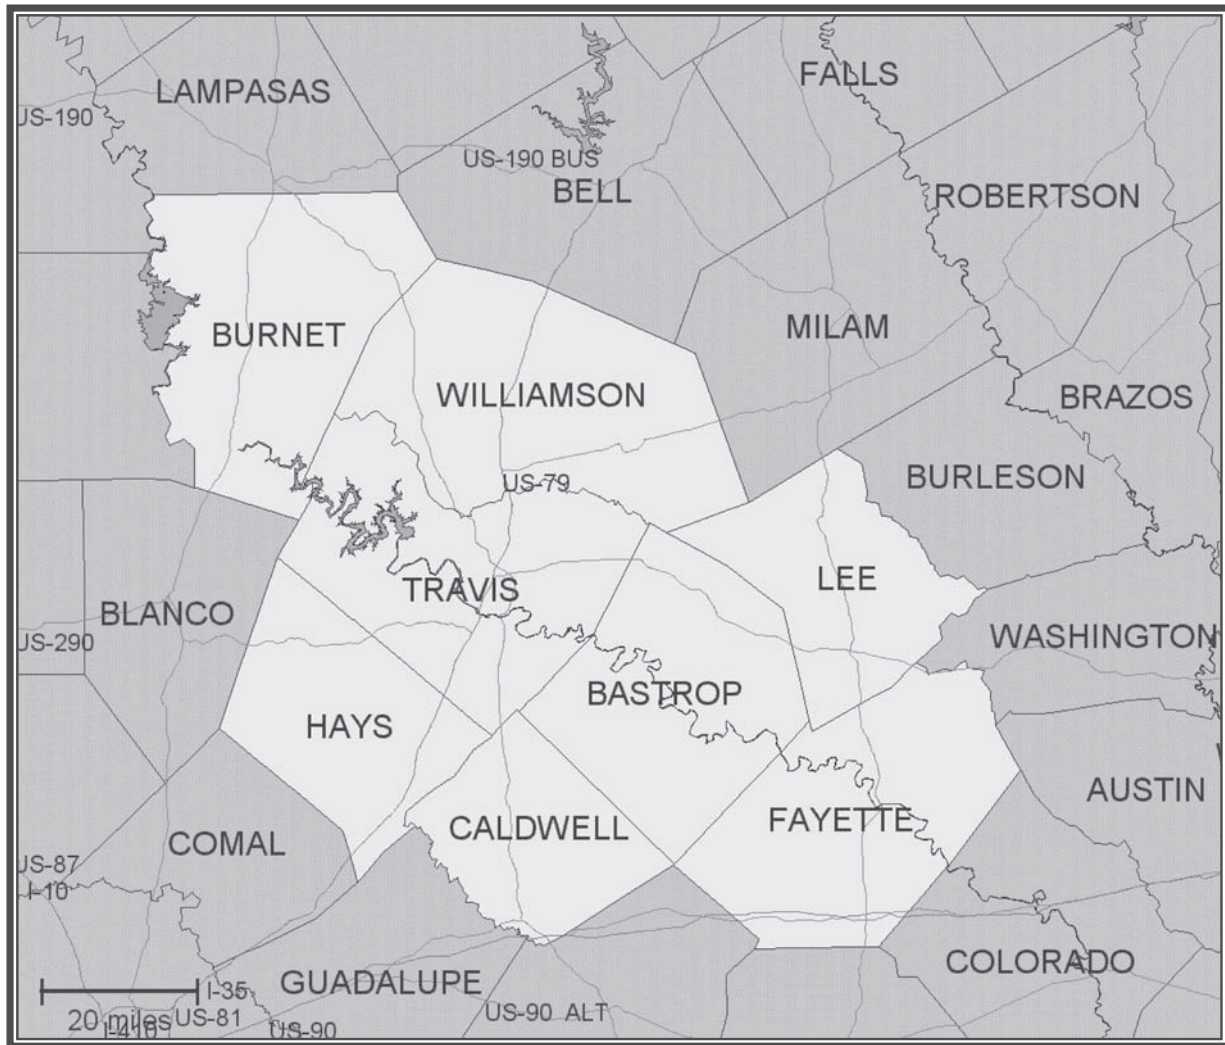

Puede que usted tenga que hacer un copago por la receta. Es posible que la receta para un medicamento genérico no le cueste nada o le cueste poco. El copago de un medicamento de marca será mayor. Si su doctor le receta un medicamento para todo el mes, usted hará un copago por la cantidad para 34 días. En la mayoría de los casos, no podrá recibir más de la cantidad para 34 días. El PDB de CHIP no ofrece medicamentos por medio de pedidos por correo.

El PDB de CHIP no cubre:

- Medicamentos que se venden sin receta
- Medicamentos anticonceptivos recetados solo con propósitos anticonceptivos
- Productos nutritivos
- Artículos o equipos médicos, excepto las jeringas para la insulina
- Medicamentos que tengan que administrarse en el consultorio del doctor o en un centro de atención médica.

Si necesita ayuda para encontrar una farmacia usted puede hablar a la Línea de Ayuda de las Farmacias de CHIP. El número es 1-866-274-9154. También puede encontrar una farmacia visitando la página de Internet de CHIP www.chipmedicaid.org. Seleccione el enlace "En español." Después escoja el enlace titulado "Encuentre una Farmacia." Si esta teniendo problemas para surtir una receta por favor pídale a la farmacia que llame al Servicio de Asistencia de Medicaid. El número de teléfono es 1-800-435-4165.
